

Are you interested in playing a part in Suffolk Libraries' vision to enrich everyone's quality of life?

Coding Volunteer

Are you interested in coding and working with children

At Suffolk Libraries volunteers are engaged in a range of activities and support and enhance what we are able to offer. We want to develop an experience which expands our traditional audience, but which also engages new audiences.

We are looking to inspire our younger generation through play. Children love to have fun and be creative and we are looking to make that happen at their local library. We are looking to run a Code club for children aged 7 to 13 and looking for an enthusiastic person to organise and run Coding sessions.

Expectations of the role

- To engage with parents and children to provide a lively interactive experience
- To work with the library staff to plan weekly or monthly, sessions
- Experience or a willingness to learn coding.

Through the above activities, the Code Club Volunteer will:

- Encourage creativity
- Facilitate the sharing of ideas
- Inspire the next generation
- Encourage children to share their creations with others

We are looking for someone who:

- Is enthusiastic about helping children learn through making
- Friendly, positive and a good team player who is able to work with library staff and other volunteers
- Has good communication skills
- Creative
- Is looking to gain experience working with children and young families
- Is reliable

If you are interested, please contact your Library Manager or email detailing what you would bring to this role.
